Thanks Amanda. What you added looks pretty straight forward, but I'm looping in Kimberly, Neil and Jeff for their review and clearance.

Kimberly, Jeff and Neil – Amanda is preparing OCSPP's responses to NEJAC's 100 day letter to the Administrator on various topics. She Added PFAS in pesticide containers on page 15-16, using exiting language. Can you review it for clearance.

Mike and Ed – are you ok with this too?

Importance: High

Hi Darlene,

Happy Wednesday evening! Do you mind obtaining review on the new item I added on PFAS, located on page 15-16 (i.e., EPA Investigates PFAS Contamination in Pesticide Packaging). If you can get me feedback by noon tomorrow, Wednesday, July 28th, in track changes that would be greatly appreciated. You will find that I worked to combine information from several press release and already published language.

Note: I am starting to work on the WPS section now and will look to get you any revisions hopefully by COB, tomorrow. I have my briefing with Michal Thursday afternoon, so if needed I will let her know where we are in the process for WPS items.

Thank you,

Amanda
